President Janice Doyle called the hearing to order 8:00 PM. She noted that the hearing had been advertised in the Tampa Bay Times on April 13, 2022.

Janice reminded the board that the purpose of the meeting was to review and approve the budget for FY 2023. The proposed budgets were posted on the Brandon Hills Special District's web page before this hearing in compliance with Chapter 189.418(4) of the Florida Statutes. The final budget approved at this hearing will be posted on the same website.

In the absence of Board Treasurer, Bobbi Almirola, Janice presented the budget that had been approved in the May board meeting. The board recommended the annual ad valorem assessment would be \$500.00 for each of the properties in Brandon Hills.

The Board President made the following remarks: The FY 23 financial statement and the new budget reflect ordinance amendment (#02-21) which allows us to submit an unaudited financial statement if the board so votes.

There were no comments or questions. Trustee Thomas Lee said, "I move that we approve the Fiscal Year 2023 budget as presented by the Board. I also move that we adopt the Board's resolution setting the assessment at \$500.00 to continue building financing necessary for remodeling work on the pool ." Brad seconded the motion and it was approved by all the trustees present.

The hearing adjourned at 8:10PM.
